William E. Curtis' New York letter in Chicago Record-Herald: "The domestic difficulties of the Equitable Life Assurance society still occupy a great deal of public attention, and the officials of that organization still continue to wash their dirty linen in the newspapers, to their own discredit and to the serious damage of the interests they represent. The disclosures have acted like a stroke of paralysis in the management of other companies, as well as that of the Equitable; and, for the time being, the life insurance business is practically arrested. Very few new policy-holders are refusing to pay their premiums. One of the general agents of the Equitable told me last night at the Waldorf-Astoria that if it were not for answering questions of frightened people and stimulating the faith of their policy holders, half the insurance agents in the country might go afishing and stay all summer. An officer of the Mutual told me that their business had fallen off more than 70 per cent; that they were doing practically nothing; and one of the vice-presidents of the New York Life, who is a conspicuous figure in financial circles, remarked this morning that the business of life insurance had received a blow from which it could not recover for several years. He believes that the best way to restore public confidence would be to get under federal supervision as soon as possible, as proposed in a bill introduced in congress last winter by Senator Dryden, of New Jersey, who, by the way, is president of one of the large life companies."

Good Sample of Wheat.

L. E. Mars, of the Garden Road, today brought to The Journal office a sample of Red Chaff wheat measuring four feet and ten inches in height, and of very rank growth. Mr. Mars doesn't want to see Marion county outdone by any section on earth, and say if this doesn't entitle it to first place he wants to know the reason why.

FASTEST GAME OF SEASON

Yesteday's Ball Game Between Willamette and Columbia University

The fastest game that has been played this season in Salem took place yesterday afternoon on the local diamond between the local University and Columbia University, of Portland. The score was 3 to 4, with the visitors on the long end. Columbia made its runs in the first and third innings on a single, double and two wild throws. Willamette's turn to score came in the fourth and sixth innings, when G. Hunt, the third man up, sent a low drive down toward third base, and got to first. Beach was hit and got a walk. In the meantime Hunt succeeded in stealing two bases and reaching third, so that when Unruh knocked a long drive into right field he came home. McInerney, in an attempt to catch Beach on third threw the ball wild, and another run was tabulated for Willamette. The only other look-in that the locals had was when Nace knocked the spheroid into the grand stand, and succeeded in negotiating the circuit of sacks for the final tally. With the exception of these innings there was nothing doing for either side, and it was mainly a pitchers' battle, in which Wilkinson had slightly the better of it. Only four hits were made off Wilkinson, while Columbia pounded out seven. The tabulated score is as follows:
